

Where everyone has value, beauty and significance

Mission:

The Bridge is a community that exists to connect with the subcultures, the forgotten, and those who have given up on church/religion by living out the values and teachings of Jesus.

We are a community compelled to seek God and to live out Jesus' revolutionary teaching to love God with our entire being and to love each other unconditionally as we love ourselves (Matthew 22:37-39).

Values:

We believe in welcoming everyone equally, especially those who have been forgotten and ignored by society and the church.

We believe in celebrating diversity of expression and encouraging creativity in all forms of art and music.

We believe in championing the cause of the poor and the homeless.

We believe in participating in the life of the local community and in getting involved through community action, social issues, and networking with other organisations.

We believe in walking through life with one another, learning from and teaching one another and becoming more whole as individuals and as a collective.

We believe in being a positive influence in the subcultures and in our local communities.

We believe in helping others establish like-minded communities across the U.K., Europe, and the world.
